Descripción del perfil

With 10 years of work experience I have been part of blue-chip companies like Vodafone, Ericsson and Telefonica R&D playing multiple roles as strategy planner, network deployment coordinator or team leader in R&D projects. I have also worked at University of Murcia as manager of its Technology Transfer Center and leading different european projects. Currently, I am the CEO and Co-founder of https://leverade.com and the founder of https://www.comparativadebancos.com, a leading financial website in Spain. I hold an MBA from Instituto de Empresa and University of Cambridge and a double Master Degree in Telecom both from Spain and France and the Master Thesis written in Sweden. Specialties: Online Business, Technology Transfer, R&D Management
